6C	The Outpatient Chemotherapy Unit has 12 patient stations and are open from 7 am to 6 pm M-F. They are staffed by 2 RN's, 2 NP's, 1 health technician and 1 patient support assistant. They provide chemotherapy infusion therapy services to outpatients and are located on the 6th floor, C wing.		Judy Kazmar, RN	Judy Kazmar, RN @ 503-220-8262, x55509
6D	6D is a busy 28-bed general medicine / cardiology / oncology acute care ward. The majority of patients served on 6D are in their middle and late adulthood stage of life, are male, and present with complex co-morbid disease processes. Nursing staff consists of RNs, LPNs, NAs, and SNTs (student nurse technicians). A total of 5 medicine teams that consist of an attending physician, residents, and medical students treat patients admitted to 6D. The floor is capable of telemetry monitoring for up to 16 beds. RN nursing staff that has been appropriately certified, in-house, cares for all patients with orders for telemetry or chemotherapy administration. The average hospital length of stay on 6D is 5.5 days. Teamwork, nursing integrity, camaraderie, and respect for the veterans are key descriptors for this excellent nursing ward. 6D is currently the Dedicated Education Unit (DEU) in partnership with the University of Portland School of Nursing. Dialysis	The Dialysis Unit has 14 patient care stations and treat 2 shifts of 8 to 12 patients each day. These patients are outpatients mostly however the unit provides hemodialysis for inpatient's and ICU patients as well. We were selected as Best Practice in 2001 JCAHO survey and continue to be in the top of the list for hemodialysis measures. We have RN and Technical staff and are open M-Sat from 5 am to 5:30 pm and are located on the 7th floor, D wing.		Judy Kazmar, RN	Judy Kazmar, RN @ 503-220-8262, x55509
ECU		X	Mary Kiely	
Education	We are a division supporting the education of staff and the development of educational materials for staff and/or patients in a variety of areas.		Kelly Goudreau	Louisa Davis Sills @ 503-220-8262, x56005
Home Care	We are home health, that is chronic, long-term home health. We have capacity for one student at a time. The student experience is home health visits for elderly, often frail veterans. It is unlike community home health in that we are more long-term supportive care.		Nancy Benton	DeeAnn Schneider or Nancy Benton @ 360 905-1741

ICU	A combined 28 bed intensive care unit caring for acutely ill patients having undergone Liver Transplant, Neurosurgery, Vascular and General Surgery as well as Cardiothoracic, Urology and Otolaryngologic procedures. The average census is 20. The medical aspect of intensive care covers: Acute MI, post cardiac cath, multiple system failure patients. Common nursing activities include wound care, trach care, suctioning, assessments in all body systems, invasive monitoring, special certification in CVVH, ADLs, patient education, pre-op and post-op care and telemetry. All RN staff are ACLS certified. Majority of RNs are CCRN with a goal of all RNs testing for CCRN. Staffing includes RNs, RTs, Ward Secretaries, Housekeepers. NSCU: C Wing	<p>C-Wing: this unit has 38 + beds. On this unit we have a few long-term care patients and we have our longer stay skilled rehabilitation patients. This unit will offer you many experiences in wound care management (we have a lot of post vascular surgery patients), chronic disease management, IV therapies, tube feedings, catheterizations and diabetic care. If your clinical interests are in Geriatrics and Transitional Care this is the unit for you.</p> <p>Shifts on all units are 8 hours. Days 6am – 2:30pm Eve 2pm – 10:30pm Noc 10pm- 6:30am</p>		Waynette Ralls	Waynette Ralls @ 503-220-8262, x31785 or Stephanie Sorenson @ x33678
NSCU: Comprehensive Rehab Unit (CRU) E Wing	<p>E-wing/CRU: this unit has 17 + beds. On this unit we have our comprehensive rehabilitation patients with an average length of stay of less than 30 days (except for our spinal cord patients). This unit will offer you a unique team approach to nursing with a strong focus on therapies and rehabilitation. On this unit you will have the opportunity to see CVA, hip replacement and knee replacement rehabilitation. You will also have the opportunity to work with spinal cord injury patients. If your focus is Rehabilitative Nursing this unit should meet your needs.</p> <p>Shifts on all units are 8 hours. Days 6am – 2:30pm Eve 2pm – 10:30pm Noc 10pm- 6:30am</p>		Waynette Ralls	Waynette Ralls @ 503-220-8262, x31785 or Stephanie Sorenson @ x33678
NSCU: Hospice B Wing	<p>B-Wing: this wing has 17 + beds. On this unit we have some skilled rehabilitation patients, long-term care patients and we have 8 beds dedicated to Hospice and Palliative Care. On this unit you experience wound care management, chronic disease management, and end of life care issues that include family dynamics, symptom and pain management with a strong emphasis on psychosocial well-being of the veteran and their family. If your clinical interests are in Hospice Nursing this unit has a lot to offer the student nurse.</p> <p>Shifts on all units are 8 hours. Days 6am – 2:30pm Eve 2pm – 10:30pm Noc 10pm- 6:30am</p>		Waynette Ralls	Waynette Ralls @ 503-220-8262, x31785 or Stephanie Sorenson @ x33678
OR: ASU	Ambulatory Surgical Unit		Lori Thompson	

PACU	The PACU is a nine-bed unit providing post-op care for patients recovering from general, spinal, monitored, and regional anesthesia. Patients may be transferred directly to the Surgical Intensive Care Unit (SICU) from the Operating Suite at the discretion of the anesthesia provider. Patients receiving Liver transplants and coronary artery bypass are transferred directly to the SICU. Nursing care includes airway, pain, and temperature management. The staff is composed of ACLS certified registered nurses. Staffing needs are determined by the complexity and volume of OR cases, and the workload in our Day Surgery Unit and the SICU. Special qualifications & competencies required: ACLS, Critical Care experience or successful completion of critical care courses.	X	Roland Jemerson RN	Roland Jemerson RN @ 503-220-8262 ext. 55334
